Property (Kingswells and adjacent properties)

Dear Sirs

D120 - Public Relations
Prime Four Site Kingswells Aberdeen Existing Road Network Upgrade

We write to advise you of planned operational works to be undertaken on the A944 road network and in particular, the southern verge at the Kingswells Roundabout. Works involve drainage installation, carriageway widening works and utility installations. To enable these works to take place, traffic management will be required on the A944 and also the Cults - Kingshill road, the C128C.

A closure of the southbound Cults - Kingshill Road (C128C) at Kingswells Roundabout will be in effect from Saturday 2nd March at 07:00 until Sunday 3rd March at 18:00. A closure of the westbound slow lane will also be in effect during this time.

The C128C will also be closed from 18:00 on Friday until 06:00 on Monday on the following dates; Friday 8th - Monday 11th March, Friday 15th - Monday 18th March and Friday 22nd - Monday 25th March.

A contraflow will be in operation on the above weekends from 8th March to facilitate these works. This will restrict access to Kingswells and the C128C however signage will be in place to advise motorists of the diversion routes.

The northbound closure of the Cults - Kingshill, C128C, will remain in place until 06:00 on Monday March 11th.

We will endeavour to minimise any disruptions to local residents during these hours but in the interim period if you wish to discuss any issues with regards to these works, please feel free to contact our Infrastructure Manager, Ross Knighting on 07540121455.

Yours faithfully

Ross Knighting
